

VIJAY MERLIN B

Software Developer(.NET)

Dubai, UAE | +971 507393217 | vijaymerlin.29@gmail.com | [linkedin.com/in/vijay-merlin-b](https://www.linkedin.com/in/vijay-merlin-b)

CAREER SUMMARY

Passionate .NET Developer with 4+ years of experience designing and delivering robust business applications across POS, HRMS, CRM, and Clinic Management domains. Skilled in ASP.NET MVC, C#, Entity Framework, LINQ, and SQL Server. Proven ability to translate complex business requirements into clean, scalable, and maintainable solutions. Experienced collaborating in UAE and India-based teams, consistently improving system performance, user experience, and operational efficiency.

WORK EXPERIENCE

Taif Al Emarat Perfumes

Software Programmer (.NET) | June 2025 – Present | Ajman, UAE

- Developed enterprise-level applications using ASP.NET MVC, Entity Framework, LINQ, C#, SQL Server, JavaScript, Bootstrap, HTML, and CSS.
- Built and maintained a comprehensive POS system including item management, sales invoicing, bill printing, stock management, discounts, coupons, return sales, card transactions, and invoice history.
- Developed HRMS modules covering employee management, attendance, check-in/check-out, salary configuration, payroll processing, and employee reporting.
- Developed CRM modules for leads, accounts, contacts, opportunities, dashboards, marketing campaigns, lead assignment, and task management.
- Created REST APIs for mobile developers to enable HR app functionality on mobile platforms.
- Built responsive and accessible user interfaces using Bootstrap, JavaScript, HTML, and CSS.
- Improved application performance and reliability through code refactoring and best practices.

Lagoon Technologies

Web Developer (.NET) | January 2023 – May 2024 | Nagercoil, India (Main Branch: Dubai, UAE)

- Designed, developed, and maintained .NET web applications aligned with core business workflows.
- Implemented and enhanced multi-level approval setup functionalities, improving process accuracy and efficiency. Developed HRMS modules for employee management, payroll processing, and performance evaluations.
- Designed and implemented TimeTick — a time-tracking application for logging work hours and managing project timelines.
- Developed Crystal Reports and RDLC reports for structured, visually clear data presentation.
- Redesigned and enhanced existing user interfaces applying modern UI/UX principles for improved usability. Ensured responsiveness and consistent performance across all web applications.
- Collaborated with the Dubai main branch team to align development with business and client requirements.

Vision Technologies

WebApplication Developer & Support | 2022 – January 2023 | Sharjah, UAE

- Contributed to the development, testing, and enhancement of clinic management software.
- Worked on NABIDH and MALAFFI integration — UAE health data exchange standards enabling secure, unified
- access to patient records across Dubai's medical facilities.
- Designed and implemented static and dynamic dashboards, delivering actionable operational insights.
- Collaborated cross-functionally with clients and internal departments on technical issues, UI design, and system
- maintenance.
- Utilized ASP.NET, CSS, and Bootstrap to build and style responsive web application pages.

Palle Technologies

.NET Trainee | 2019 – 2020 | Bangalore, India

- Built a strong foundational knowledge of .NET framework, C#, and Object-Oriented Programming (OOP) principles.
- Developed hands-on experience with MS SQL Server for database management and query writing.
- Gained practical exposure to front-end technologies including HTML, CSS, and JavaScript.
- Participated in programming, debugging, and unit testing tasks under senior developer guidance.

TECHNICAL SKILLS

Backend: ASP.NET MVC, C#, Entity Framework, LINQ, REST APIs

Database: MS SQL Server — schema design, stored procedures, query optimization

Frontend: HTML5, CSS3, JavaScript (ES6+), jQuery, Bootstrap — responsive UI development

Reporting: Crystal Reports, RDLC Reports — structured data presentation and printing

Tools & DevOps: Visual Studio, Git (version control), IIS (deployment & hosting), Microsoft Azure

EDUCATION

Bachelor of Engineering — Computer Science

Hindusthan College of Engineering and Technology, Coimbatore, India | Graduated 2017

PERSONAL DETAILS

Date of Birth : 29 September 1995

Nationality : Indian

Visa Status : Employment Visa — UAE

Languages : English, Tamil, Malayalam
